- 7 Dealer Members

David Ellis
President & CEO

2019 *Annual Report*

The automobile business remained strong in 2019, and we appreciate all of GLANCDCA's dealer members and their commitment to the work of the association. New car sales in the Los Angeles area exceeded 500,000 units, and nationally in excess of 17,000,000 units. With this level of output, dealers were able to grow employment levels and best serve their loyal customer bases.

The association continued its primary mission of representing all dealers at every level of government. The annual NADA Fly In lobbying event was a great chance to remind all the elected officials in Washington D.C. that dealers are the backbone of small business in this country. Perhaps the biggest victory was at the state level — getting AB 179 passed, after narrowly missing in 2018. This bill focused on the franchise protections that new car dealers need to operate consistently and profitably. The retail reimbursement for all warranty and recall work brought state law in California to the same level as most states throughout the country. Protections were also put into place that do not force dealers to do facility upgrades in less than 10 years if more than \$250,000 is spent on upgrades. Throughout the state, dealers are all beneficiaries of the work that GLANCDCA achieved in partnership with the state association (CNCDA).

The internationally acclaimed Los Angeles Auto Show continued its success in 2019. GLANCDCA and its dealer members benefited from over 65 new vehicle debuts, of which no fewer than 25 were global debuts. Every year, the 10-day event stimulates the new car market, and Los Angeles County New Car Dealers are fortunate to have the premier North American auto show in its own backyard.

A significant amount of the revenue the association generates from the proceeds of the Los Angeles Auto Show goes right back into the communities the dealers do business in. GLANCDCA made significant financial contributions to community college automotive technology programs throughout the county. This philanthropic activity has been a mainstay of what GLANCDCA has done for nearly 50 years.

In 2019, GLANCDCA hosted career information and job fair events for these automotive technology students. More than 1000 students and instructors met with dealership representatives at eight different events. In late November, GLANCDCA hosted one of these events on the opening day of the Los Angeles Auto Show, and over 35 area new car dealerships were represented at this event.

It is a pleasure and an honor to serve as President of GLANCDCA, and we hope you will consider engaging in the work and events the association hosts in 2020 and beyond.

Respectfully,
David Ellis
